

Birthday Party FAQs

What are the available dates and times for a Birthday Party?

"Birthday on Ice" Parties are held during our Public Skate Sessions.

How many guests and parents are included in the party package?

The party package is based on a total of ten guests. More guests or parents are welcome to skate for an additional charge of \$8 per person.

What party spaces are available?

There are four different areas available. The party room can accommodate two parties or your guests may prefer either North or South rink side locations. Party spaces are the same price. Availability is based on a first come, first serve basis. We do our best to accommodate every request, but are unable to guarantee rooms.

What do I need to bring?

We provide the location, tables, chairs, ice, and skates! We encourage you to personalize the party to your liking. Any outside food and drink is allowed over the duration of the party. Bring decorations to fit your theme, including the table cloth and settings, silverware, and don't forget the cake knife!

What does everyone need to wear?

We recommend that party guests wear warm, layered clothing, and to bring gloves.

Silverstein Eye Centers Arena and Centerpoint Community Ice strive to provide a fun and safe environment for everyone to come skating! We know you will enjoy celebrating your birthday party with us!

We do the work...
You have the FUN!

Watch for our next session of **Learn to Skate** for classes open to all ages and levels!
